Becky explains the spilt milk...

Featuring:

BECKY

LIZ

- LIZ: Hey Becky, what are you doing there? Why are you at my desk?
- BECKY: I'm cleaning it up.
- LIZ: Woah! My desk is all wet! Hey, that's my assignment, it's soaked! How did my papers get wet, Becky? Why is there water all over my desk?
- BECKY: It's not water, it's chocolate milk.
- LIZ: You got chocolate milk all over my desk and my assignment?
- BECKY: I didn't do it. It wasn't me!
- LIZ: Who was it then, Becky? You're the only one here.
- BECKY: It was umm...Rex.
- LIZ: Rex? A dog came and spilt milk all over my assignment?
- BECKY: No, Liz, Rex isn't a dog. That is so silly. Rex is a dinosaur.
- LIZ: Oh really! A dinosaur called Rex was here!
- BECKY: Yes. But he's gone now.
- LIZ: And how did this dinosaur called Rex get in?
- BECKY: Through the window.
- LIZ: A dinosaur fit through our window?
- BECKY: Yes. He was a little dinosaur.
- LIZ: Oh! So a little Tyrannosaurus Rex climbed up our townhouse wall, all the way up to our upstairs bedroom window and got in.

BECKY: Umm...no. That's silly. Dinosaurs can't climb. He umm...flew.

LIZ: The Tyrannosaurus flew?

BECKY: He was not a Tyrannosaurus, he was a Pterodactyl. A baby one.

LIZ: A Pterodactyl?

BECKY: Yes. He's called Pterodactyl Rex.

LIZ: Okay, I'll play along with you, I'm curious to see where this is heading. So...what did you say to Pterodactyl Rex?

BECKY: I said, "You're welcome".

LIZ: You welcomed the dinosaur into our room?

BECKY: No. I was drinking chocolate milk and watching 'The Wiggles' on TV and Rex just came in by himself and I let him have my chocolate milk and he said, "Thank you" and I said, "You're welcome".

LIZ: Okay, then what?

BECKY: We sat together and watched TV.

LIZ: The Pterodactyl likes to watch TV?

BECKY: Well, not really. He only likes the ads. When the ads came on he said, "Oh goodie!" and he sat down with me with the cup of milk and laughed all the way to the end of the ads.

LIZ: Yes...and...?

BECKY: And then the ads finished and 'The Wiggles' came back on and Dorothy the Dinosaur did this silly dance. Then Rex said, "That is the dumbest dinosaur I've ever seen". And then he got up and flew to the window. He must have forgotten he was holding the cup of milk and he spilled it everywhere. It went all over your desk and all over your assignment. I'm sorry, Liz, it was an accident.

LIZ: Wow! That's some story, Becky. You ought to be a writer. Well, I'll go print out my homework again and then I'll help you clean up this mess.

BECKY: Thanks, Liz.

LIZ: Hey! The printer is all sticky! Becky, what happened here, is that jam all over the printer?

BECKY: I didn't do it, it wasn't me . It was umm...an octopus.

LIZ: And how did the octopus get in? It isn't a pterodactyl, it can't fly.

BECKY: Yes he did, Liz, he did fly. He was a blue-winged octopus.
